AMENDMENT

Hon. Commissioner for Patents
Washington, D.C. 20231

In response to the Office Action dated November 25, 2002, please amend the above-identified patent application as follows.

IN THE CLAIMS

Please cancel claims 1-11 and 21-26.

12. (Once amended) An amortisseur bar damping device comprising:

a rigid support member including a first side and a second side opposite said first side;

and

a first resilient member coupled to said first side and a second resilient member coupled to said second side.

PLEASE ADD THE FOLLOWING NEW CLAIMS

27. (New) An amortisseur bar damping device configured to fit between two amortisseur bars, said damping device comprising:

a rigid support member including a first side and a second side opposite said first side;

and

a first resilient member disposed to said first side and a second resilient member disposed to said second side, said rigid support member, first resilient member, and second resilient member sized to fit between the two amortisseur bars.
